PIPELINE

COVERING NEWS FOR SCTA OF COCAINE ANONYMOUS

San Antonio Austin Laredo The Valley Kerrville Cedar Park Pflugerville

PREAMBLE

Cocaine Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from their addiction. The only requirement for membership is a desire to stop using cocaine and all other mind-altering substances. There are no dues or fees for membership; we are fully self-supporting through our own contributions. We are not allied with any sect, denomination, politics, organization, or institution. We do not wish to engage in any controversy and we neither endorse nor oppose any causes. Our primary purpose is to stay free from cocaine and all other mind-altering substances, and to help others achieve the same freedom.

The Austin-Karaoke Party

This will be the first C.A. event hosed in Austin since the World Convention. The event will be put on by our Austin fellowship and will feature food, karaoke, raffles and some soon-to-be-announced surprises. In Fall of 2021, how many nominations were there for area chairs? A committee meeting will be held to start laying the foundation for this event. We are hopeful to hold the Unity meeting after one of Austin's larger meetings to maximize participation in the planning of this event.

Many people tend to associate Valentine's Day with the romantic love of a partner. It's been thought of as a sweet and harmonious day of the year, but for the everyday addict, this can be one of the worst times to deal with an emotion that many have given up on. Everybody just wants to love someone else, however, that doesn't mean that they don't want to be loved themselves. Addictions happen to all classes of life. They are not supposed to be limited to one or the other because they can change any personnel involved into the person they only ever read about. In order for a person to find what is lost, we must first learn to love the lost mannerism. Many people assume at times that that person is someone else, but usually, that person is the individual we see in the mirror every morning. For people to love others, a deep love for themselves is necessary. The holidays are only as hard as we ever make them out to be. I have always wanted to love one person, but how am I supposed to love the person next to me if I can't even love my own reflection? Times get hard for people. It's how life is thought to be lived. For someone to grab the person they want to hold forever, other things must be let go to make room for special cargo. Together, we are learning to let go because when that special person finally does arrive, we might not ever want to lose our grip. That person might just be the forever person.

Happy Valentine's Day – Alec
